Darryl Angelo Baldonado

Full-Stack Developer

Pampanga, Philippines | +63 948 589 6821 | hello@darrylangelo-dev.com | darrylangelo-dev.com

I develop SaaS applications, websites and business automations. My recent work includes JSI's AI quoting platform, the Rise to Greatness website and CRM, the Sydney Electrical Contractors website, and three Shopify stores. I work on the interface, integrations and data behind each project.

TECHNICAL SKILLS

Development: TypeScript, JavaScript, React, Next.js, TanStack, HTML, CSS, Tailwind CSS, Node.js, Express, PHP, MySQL, PostgreSQL
Platforms: Shopify Liquid, GoHighLevel, WordPress, Stripe
Integrations: REST APIs, webhooks, OpenAI, n8n, Zapier, Make.com
Tools: Git/GitHub, Cloudflare, Vercel, Docker, Figma

KEY PROJECTS

JSI (Just Send IT)

Current

Software Engineer | Full Stack

Work on an AI quoting platform for Australian trade businesses. Features include photo and voice job input, quote review, GST and ABN details, PDF delivery and payment integration.

Rise to Greatness (RTG)

Web Developer | CRM and Automation

Built the website, GoHighLevel CRM, booking flows and follow-up automations. Project work includes the Chris Do RTG 2026 event funnel with AI chat and booking.

Sydney Electrical Contractors (SEC)

Website Development

Built a lead-focused website for a Sydney electrical contractor, with service pages and local SEO work. sec24hour.com.au

Klock-Wise

Sole Developer | Announced

Developing a time-tracking and project-management application with task boards, billable hours and reports. Not yet publicly released.

SHOPIFY STORES

4 Ultimate Health (4UH)

Shopify Development

Built custom subscription logic for a health-products store.

Augmented NAC (ANAC)

Shopify Development

Built a Shopify store with custom product templates for a tech retail brand.

Best Leather Care (BLC)

Shopify Development

Developed the storefront, trust signals and tailored product pages.

OTHER WEBSITES AND FUNNELS

TranquilPulse

GoHighLevel Development

Built mental-fitness funnels and member automations.

Nanotech Coatings
Website Development
Built an industrial coatings website with a specialist product showcase.

EXPERIENCE

Kokoro Creators 2025
Project Manager | Content Specialist | Digital Strategist
Managed workflows and content planning. Built GoHighLevel websites, funnels and AI automations for a US mental-fitness platform.

The Digital Defenders IT Solutions 2024 - 2025
Affiliate Manager
Created video and graphic advertisements and worked on email marketing campaigns.

EDUCATION AND TRAINING

BS Information Technology (undergraduate)
City College of San Fernando Pampanga | 2021 - 2024. Completed five semesters; degree not completed.

Training, 2024: Python Level 1, HackerRank; UI/UX Designing, TESDA Online Program; AI Specialist / Prompt Engineer, BotBuilders.
